Overview   How it Works   Purchase Protection

Speed through checkout on millions of sites

Buy from merchants all over the world. Our online payment services are available in over 200 markets globally and can convert your payment to 25 currencies. No matter the online payment method, your money goes farther with Bayar.

LOGOTEXT   LOGOTEXT   LOGOTEXT

1. Create a Bayar account and securely link your bank, credit, and debit card details.
2. When you check out online at millions of sites, just look for the Bayar button to use Bayar as your online payment solution.
3. Log into Bayar and speed through checkout securely with just an email and password.

Pay your way.

It's easy to add credit, debit, and bank accounts to your digital wallet. Then when you click the Bayar button at checkout, you can choose any of them and skip entering your financial information.

We've got your back with Purchase Protection.

It's easy to add credit, debit, and bank accounts to your digital wallet. Then when you click the Bayar button at checkout, you can choose any of them and skip entering your financial information.
